FORGING LINK BY LINK

Pat Quinlan Binding Himself to Holmes' Crimes.

PARTIAL CONFESSION MADE.

Contradictory Stories Told Which Places Him in a Still Worse Light With the Police—Still Another Victim Heard Of. Holmes Talks Freely About the Charges Against Him.

CHICAGO, Aug. 1.—Another link in the chain binding Quinlan to the alleged crimes of H. H. Holmes was forged yesterday by an admission made by Quinlan when questioned by Chief of Police Badenoch. He said he was hired by a man named Allen to go to Fort Worth, Tex. At the time he was engaged, he said, he had only one day's acquaintance with Allen, and on the following day he started for Fort Worth.

Quinlan had previously claimed that he had no knowledge of any crimes committed by Holmes, although he had admitted that in Fort Worth he met and knew a man called "Mascot." Now that Allen and "Mascot" are practically proven to be one and the same man, Quinlan's contradictory stories have placed him in a still worse light with the police.

The police were yesterday informed that at the time Holmes was first supposed to have left Chicago he did not go any further away than the stockyards, where he opened a restaurant under the name of H. H. Howard. He employed a number of young women as waitresses, and is said to have had a new force nearly every day. Among them were two girls who came from Wisconsin. A few nights after they began work the neighborhood was startled by female screams coming from the Howard restaurant.

Several men ran to the building and were in time to meet the two girls as they ran out of the hallway leading into the house. They were clad only in their night clothes, and it was some minutes before they could be quieted sufficiently to tell their story. They said they had been sleeping together and had been awakened by a man who gained an entrance to their room and who had placed a wet cloth over their faces. They thought the cloths had been saturated with chloroform. Neighbors took the two girls in and cared for them, and before the police had an opportunity of arresting Howard, he disappeared.

The police discovered yesterday the means by which the mark of a woman's foot became printed on the inside of the vault door. While examining the oil under the microscope, the expert got some of the oil on his hand and later placed two of his fingers on an iron plate in the laboratory. A short time afterward he noticed that the marks of his fingers were distinctly visible on the iron and all efforts to rub it off were futile. A test for acid in the oil was then made but without result, as no trace could be found. A finer test on this point is to be applied.

This discovery will clear away a good deal of surmise on the part of the police, as the theory advanced by the expert is that Holmes got a small quantity of this oil in a bowl, added either petroleum, benzine, gasoline or even common kerosene to it and placed it in the vault. A deadly gas would be given off immediately, and all Holmes had to do was to lure his victim into the trap and then shut the door. Death would soon result.

The explanation of the footprint on the iron of the door is that one of the alleged victims in her struggles upset the bowl of oil and placed her foot in the liquid, which had run over the floor, and then in her struggles placed her foot against the door, leaving the tell-tale mark.

In addition to the other tests an effort will be made to see if the vapor given off by the liquids will burn, in order to see if the oil was a part of Holmes' gaseous machine. This was not done yesterday, as it was feared that the vapor might be highly explosive, and precautions to prevent a catastrophe were taken.

Harry Walker of Greensburg, Ind., is now believed by his friends to have been a victim of Holmes. Walker, it is said, was induced by Holmes to have his life insured for \$10,000 in Holmes' favor. He came to Chicago, and in November, 1893, wrote to friends that he was at work for Holmes. Suddenly his letters ceased, but search revealed no trace of him in Chicago.

The Williams sisters were yesterday traced by detectives, through several boarding houses, until in May, 1893, it was claimed, they lived with Mrs. Moss, 613 Sixty-fifth street. This Mrs. Moss denies, and says her boarder was Emily Cigrand, who is said to have disappeared in December, 1893. Letter Carrier Mott says he delivered Minnie Williams mail to her at that house, despite the assertion of Mrs. Moss. The letter carrier is said to have been a friend of Minnie Williams and the police will interview him.

Miss Jennie Thompson, known also as Mrs. Evelyn Stewart, is being looked for by Englewood police officers. Miss Thompson has been living on May street, near Sixty-third, but in that locality she has been known as Mrs. Stewart. The police were informed yesterday that she was employed by Holmes as a stenographer up to a short time before he left Chicago. Her statement is wanted in regard to what she saw and heard in the castle while she worked there.

Workmen began yesterday to saw away the cedar vat where it was said

Holmes manufactured gas. The police are trying to see if there is any connection between this vat and the big tank that was uncovered Monday evening. Four men also spent the day digging in the cellar near the southwest corner of the building.

HOLMES INTERVIEWED.

He Talks Freely About the Charges Made Against Him.

PHILADELPHIA, Aug. 1.—H. H. Holmes was seen in his cell by a reporter and talked freely about the charges made against him, especially those relating to Emily Cigrand. He admitted that he had betrayed the girl in Chicago, and that she had afterward told this fact to a priest, who insisted that a marriage ceremony be performed. Holmes says that he took her to an obscure place in Minnesota and married her under an assumed name, the ceremony being fraudulent.

Pat Quinlan, he declared, knew of Holmes' relations with the girl, having found her in his room one night when there was a fire near the "castle." In May, 1892, the prisoner continued, Miss Cigrand left his employ and went into a convent, where she now is. Quinlan, he asserted, knows all about her and can produce her at any time. Holmes added that in justice to Quinlan and "Mascot," he desired to say that they knew little about his movements.

LOSS OF LUMBER.

Half a Million Dollars' Worth of Property Destroyed by Fire.

MENOMINEE, Mich., Aug. 1.—The most destructive fire this town has ever known started at 3:30 yesterday afternoon in a pile of lath in the yard of A. Spies. As the bunches of lath burned their binders broke, and the bunches spreading open caused an intense heat. The fire department was promptly on the ground, but the lumber contiguous to the burning lath had caught fire, and although many streams of water were playing on the piles the flames made rapid progress, and in something less than an hour the extensive lumber district occupied by the mills of A. Spies, the Girard Lumber company and the Bay Shore Lumber company was all a sheet of flames.

A brisk northerly wind fanned the flames and at one time it looked as if the whole length of Main street would be swept. Besides the excellent home department, prompt assistance came from Marinette, Green Bay and Oshkosh.

Conservative estimates place the amount of lumber burned at 30,000,000 feet, valued at \$400,000. Barns, offices and other buildings and property destroyed will easily swell the total loss to \$500,000. A. Spies had no insurance, but the Bay Shore and Girard companies are insured up to four-fifths of their actual value.

For two or three hours the inhabitants of Upper Main street near the burning locality, were in a state bordering on a panic. All the available drays and wagons of the town were procured to save household effects from destruction.

WON ON A FOUL.

Four Round Fight Between George Dixon and Tommy Connelly.

BOSTON, Aug. 1.—George Dixon, the champion featherweight pugilist of the world, last night won on a foul in the fourth round in a contest with Tommy Connelly, ex-amateur featherweight champion of the world. The fight was under the auspices of the Union Athletic club in Union Park hall.

As the preliminary Joe Elms of Chelsea, Mass., fought Jack Levy of England and New York at 105 pounds. Levy was put out in the second round. Dixon and Connelly were to fight 25 rounds. Dixon was in excellent condition, but Connelly appeared to be over-trained. The men weighed in under 126 pounds.

In the first round Connelly won applause by cleverly dodging Dixon's fierce onslaughts of body blows, but Dixon had the best of the round.

In the second round Connelly was also clever and received a series of telling blows on the face and body and on the top of the head.

In the third round Connelly was plainly afraid of his colored antagonist and after getting in a solid face hit, retired at the bell weary and practically beaten.

The fourth round was about two minutes old when Connelly was knocked down. He lay there till six was counted when his ropes, Hodkins, jumped through the ropes and lifted him to his feet. On this palpable foul on the part of Hodkins, Referee Bill Daly awarded the fight to Dixon.

TUG CALUMET LOST.

Bodies Recovered From the Wreck of the Kate Kelley.

RACINE, Wis., Aug. 1.—The tug Mollie Spencer, Captain Roach, came into port for coal yesterday and received a telegram from Chicago to watch out for wreckage of the tug Calumet, supposed to be lost. No signs of wreckage has been seen here. Tugs have gone out to search for her.

A body supposed to be that of Mate Long of the Kate Kelley, which foundered off North Point last fall, was picked up off Kenosha yesterday morning. One floater was picked up here Tuesday and two more bodies were recovered yesterday. All are supposed to be of the crew of the ill-fated Kelley.

Odd Fellows Suffer Loss.

MADISON, Ind., Aug. 1.—The residence and store occupied by Richard Temperly, at Kent, owned by the Odd Fellows, and a blacksmith shop was destroyed by fire yesterday. The loss is \$3,000. Insured for \$500 in the Firemen and Mechanics' of Madison.

FLOOD IN NEW MEXICO

The Town of Socorro Almost Entirely Destroyed.

MANY PEOPLE WERE DROWNED.

Others Are Missing and Have Probably Perished—Hundreds of Farmers Have Lost Their Homes, Crops and Stock—The Loss Is Estimated at More Than a Million of Dollars.

DENVER, Aug. 1.—A News special from Socorro, N. M., says: A tremendous roaring started the people of Socorro Tuesday afternoon about 4 o'clock. Shortly after huge waves of water came rushing down the arroyo which drains the eastern slope of the Magdalene mountains, and almost encircled the town. At first it was hoped that the flood would be confined to the lower portion of the city, but soon the water came over above the town and three feet of water began to rush through the principal streets. The shrieks of women and children mingled with crashing of falling houses and dying wails of souls swept into eternity.

The water came in waves, each succeeding one being apparently higher than the others. Portions of houses, household goods, carriages, stoves and farm implements mingled with huge boulders, railroad ties and bridge timbers, all were borne through the streets by the madly rushing waters. For two hours the work of destruction continued, the horror being increased by vivid lightning, crashing thunder and blinding rain.

Gradually the waters subsided, sufficiently to allow a partial inspection of the destruction. Only two bodies were taken from the waters before dark dead, a mother and her child. An attempt was made to reach the people living in the river bottoms, but darkness and the absence of boats prevented success. All night long homeless people were being brought in and cared for.

Yesterday morning a scene of desolation was presented. A majority of the business houses have escaped heavy damage or destruction, but hundreds of poor people lost everything, being homeless and without money and almost naked. More than 50 houses are known to have been destroyed, while almost every residence in the city is damaged. Since the water has receded many adobe houses have fallen in and others must be abandoned. Five bodies recovered have been identified as members of the Durane family. Other bodies are reported to have been seen, but owing to the treacherous nature of the ground they can not be reached.

The destructive waters spread over the entire city and carried death everywhere. Many are missing. Another victim has since been added to the death list, an infant son of H. Baca, having just died from the effects of the water, having been rescued when almost drowned.

Reports are coming from towns north and south of here of heavy losses. For 12 miles south the destruction of property was terrible. Farmhouses and crops were entirely swept away. The Santa Fe track was washed out between here and San Antonio in several places. The branch road from this city to Magdalena is practically destroyed for 10 miles out, five bridges and several miles of track being gone.

A large portion of track on the south side of the city running east and west was taken up by angry waters and turned north and south.

The names of the recovered dead thus far are:

Leander Durane.
Celia Durane.
Thomas Durane.
—Durane.
—Durane.

A child of H. Baca.

Only two members of the Durane family are alive. No estimate of the loss can be made, but it is more than \$1,000,000. Among the heaviest losers are M. E. Baca, C. P. Brown, H. E. Smith, A. D. Coon, C. S. Perling, J. B. Hilton, E. Kalsonstein, J. W. Torg, A. S. Byerts, A. Torres, E. E. Wold, Elias Baca, Mrs. Lepa.

Hundreds of farmers have lost their houses, crops, wagons and stock, and in many cases the farms have been rendered unfit for cultivation.

Yesterday afternoon the citizens of Socorro met at the courthouse and a relief committee was appointed. The committee was at once put to work, but the demands soon out ran the resources, as every person had suffered loss. The number of persons thus suddenly forced upon charity can not now be estimated.

It is now raining in the mountains and great fears are entertained as to the safety of the city.

Reports of damage continue to come. It is said three small towns south of here were totally destroyed.

LANDSLIDE IN COLORADO.

Freight Train Derailed, Several People Drowned and Great Damage Done.

CRIPPLE CREEK, Colo., Aug. 1.—A freight train on the Florence and Cripple Creek railroad was caught in a landslide and derailed near Adelaide Tuesday night. A succession of cloudbursts occurred at the head of Eight Mile creek, about 12 or 15 miles north of Adelaide. Engineer Ben Gove and Fireman Maurice Lyons saw the water coming down the creek. Lyons managed to escape by climbing up the side of the mountain. Gove is supposed to have been drowned.

Brakeman Dolan is known to have lost his life in the water. The flood struck the town of Adelaide, doing great damage. The hotel is said to

have been swept away and Mrs. Carr, Lee Tracey and a man named Watson were drowned. Six persons are known to have been drowned at Adelaide and two others are reported missing. The railroad for 10 miles near Wilbur has been washed away.

No definite information is obtainable, but it is known that much damage has been done in the path of the storm. It will be at least a week before the railway can be repaired and the damage is estimated at \$10,000.

More destruction is reported at Camp McCourt.

LOSS TO THE INSURGENTS.

General Jose Maria Rodriguez Killed in a Recent Battle.

HAVANA, Aug. 1.—The insurgent chief, General Jose Maria Rodriguez, who was formerly associated with Carlos Castillo, has been killed in an engagement with a detachment of the civil guards at the Venidia plantation, near Guantanamo. Identification of the slain leader is complete.

A company of 49 insurgents attacked Fort Mijal, which is on the railway between Songo and Pomo. The garrison repelled the attacking party and compelled them to retire with their dead and wounded.

At Calabazar, province of Santa Clara, four insurgents have surrendered to the Cuban authorities. Two insurgent spies have been captured at Yauri.

Insurgents in large force attacked a detachment of 30 soldiers on the Isabel plantation near Guantanamo. After several hours firing, the insurgents were forced to retire, taking with them their dead and wounded.

Insurgents seized and destroyed 1,400 logs of hard wood in the river Gerilla, province of Puerto Principe. An order prohibiting under penalty of death the shipment of lumber of any kind from the province of Puerto Principe has been promulgated by the insurgents. A band of seven insurgents has surrendered to the authorities at Puerto Principe.

At Cuban Headquarters in New York.

NEW YORK, Aug. 1.—Cuban headquarters yesterday was filled with an excited throng of patriots anxious to hear the latest news from the seat of war. During the afternoon a report was received which caused a general feeling of gloom. If Brigadier General Jose Maria Rodriguez has been killed, as reported, and the Santa Clara expedition dispersed, the revolutionists have sustained a great loss.

Prominent Cuban leaders, however, insist that dispatches from Havana are not always reliable, and until they receive confirmation of the disastrous news from their friends on the island they refuse to believe the report.

A Govin, a Cuban patriot, landed here yesterday on the Colombia from Colon. He had a large amount of money with him which he had collected for the Cuban cause in South America.

BOLD ATTEMPT AT ROBBERY.

One of the Thieves Captured After a Desperate Struggle.

CLEVELAND, Aug. 1.—Two men made a bold attempt to rob the safe of the Bartholomew Brewing company on Michigan street yesterday. One of the men engaged the bookkeeper in conversation while the other quietly slipped in a rear office, and when discovered by the bookkeeper was busily at work on the safe.

An alarm was immediately raised and both of the thieves ran down the street with a crowd behind them yelling "stop thief." A policeman soon overtook one of the men, who drew a revolver, and after a short struggle, broke away with a pair of handcuffs dangling to one of his wrists. The fugitive ran a short distance and then turned and deliberately fired several shots at the policeman, who promptly returned the fire, none of the shots hitting any one.

The thief again ran and dashed into the building occupied by the Sherwin-Williams' company and up several flights of stairs. The thief reached the fourth, and then he was cornered at a window by several of the employees. Then a fight took place. The fellow was desperate. He knocked down several men and threw three out of the window. There was a roof of a lower building just below the window, and the men falling upon this, escaped injury.

A policeman arrived at this point and with a blow of his fist laid the fellow low. The handcuffs were quickly snapped into place and the policeman then hustled the prisoner to the Central station. He gave the name of Joseph Rawson and said he was 28 years of age. The second thief was not captured.

BOY SHOT.

The Claim He Was Burglarizing Denied by the Victim.

GREENSBURG, Ind., Aug. 1.—Frank, the 12-year-old son of John Bohland, a prominent and well-to-do citizen of Batesville, received 36 shot Tuesday night from a gun in the hands of John Laughlin. His injuries will prove fatal.

Young Bohland claims, that about 11 o'clock, while he was returning from the house of a friend in the outskirts of town, a man standing in a dark spot on the opposite side of the street ordered him to halt. Fearing footpads, he started to run, when the shot was fired.

Laughlin was arrested, and he claims that young Bohland was trying to effect an entrance in his house, when he called to him, and upon Bohland starting to run, he fired. The occurrence is the cause of a great deal of excitement and startling developments may follow.

ENGLISH, Ind., Aug. 1.—There was a slight frost observable early yesterday morning, doing no harm, however, to vegetation.

BADLY FRIGHTENED.

Fresh Indian Scare Comes From Near Carriaboo.

AN APPEAL MADE FOR TROOPS.

Sixty Families Huddled Together in the Swan Valley Expecting an Attack by Indians—Settlers Fleeing From the Star Valley—A Report That Not a White Person Has Been Killed in Jackson's Hole.

SALT LAKE CITY, Aug. 1.—A special to The Tribune from Market Lake, Ida., says: A report which is considered reliable reaches here that the settlers in Swan valley, to the number 60 families, are huddled together near Carriaboo, frightened by Indians. They have sent an urgent appeal for troops to protect them.

A special courier has been sent to General Copping and the matter referred to him. It is quite probable that the troops from Fort Douglass will be ordered in via Market Lake.

There is a story to the effect that some stock was fired upon by Indians supposed to be Utes, 25 of whom passed near Montpelier Tuesday.

A courier is expected from the front tonight. The infantry camped on Moody creek last night and the cavalry is supposed to be near Jackson's Hole.

At the Mercy of the Indians.

SALT LAKE CITY, Aug. 1.—A special from Pocatello, Ida., to The Tribune says: A courier is expected at Soda Springs with important news of Indian troubles. About 40 families passed through Soda Springs after dark and they are still coming. A number of tourists are leaving Soda Springs, believing it safer at other places. All settlers in Star valley have fled to the upper part of the valley and are fortifying themselves at Alton, Wy. This leaves all property at the mercy of the Indians.

None of the Whites Killed.

DENVER, Aug. 1.—A News' special from Lander, Wy., says: Yesterday was a quiet day, with an entire absence of the wild tales of the previous night. Two men came in from Jackson's Hole last night, one of them being the special correspondent of the New York Herald. He reports that the Indians had not killed any whites. This was a great relief to many persons here who had friends and relatives living in that place.

TO TRY DURANT.

Two More Jurors Secured and an Order For a New Venue Issued.

SAN FRANCISCO, Aug. 1.—Two additional jurors were secured yesterday to try Theodore Durant for the murder of Blanche Lamont. The third panel of 75 names having been exhausted, an order was issued for a venire of 150 new names. The additional jurors secured yesterday are M. R. Dempster, a commission merchant, and Nathan Crocker, contractor. Four jurors in all have so far been secured. Counsel for both the prosecution and defense are pleased at the character of the men thus far chosen to try the case.

Instead of being driven, as heretofore, from the county jail to the city hall in the sheriff's private buggy, Durant was yesterday conveyed in the ordinary prison van with less notable prisoners. He still continues to be the subject of much hero worship. As he was entering the courtroom a well-dressed and handsome woman rushed toward him with endearing words and attempted to embrace him. The sheriff protected Durant from his admirer and also refuses to deliver the quantities of flowers sent to his cell by strangers.

ACCIDENT IN A QUARRY.

Two Men Killed and Several Others Slightly Injured.

ST. LOUIS, Aug. 1.—At 5 o'clock yesterday, while tamping in a charge of giant powder in a quarry at Broadway and Osceola streets, the tamping rod struck a flint which caused a premature explosion, causing two deaths and slightly injuring several others. For a time the men were buried under rocks and earth, but were soon extricated. The injured men were:

Louis Lung, aged 64. He was torn to pieces and died en route to the hospital.

The other was Paul Wagner, aged 29, from St. Joseph, Mo. His left foot was blown off, five ribs were broken and the flesh torn from his bones. He lived in agony until 11 o'clock last night.

The others who were injured and one who was supposed killed, received only shocks from which they have recovered.

Death of Richard H. Hunt.

NEWPORT, R. I., Aug. 1.—Richard H. Hunt, the well known architect and designer of world's fair buildings, Mr. W. K. Vanderbilt's marble palace, Cornelius Vanderbilt's "New Breakers" and other Newport villas, died yesterday afternoon. Heart failure was the cause of his death. He had been feeling unwell for several weeks but nothing serious was anticipated until Tuesday when his condition became alarming. He leaves a widow, two sons and three daughters. All the members of the family were present at the deathbed.

One Body Recovered.

FORT SCOTT, Kan., Aug. 1.—The body of Walter Austin, who was drowned while attempting to cross a flooded stream here Tuesday night, was recovered by divers yesterday. Willie Gould's body has not been found. The flood is subsiding and the country roads are being opened up again. The flood was destructive to crops in the low land.

G. R. KELLAR.

Continued fair weather; north-westerly winds.

MORE evidence continues to come in showing the extraordinary character of the revival of industry throughout the country, says the Hunterdon (N. J.) Democrat. Nothing like it appears to be on record. Among the latest testimony to this effect is the report from Pittsburg that the flood of orders upon steel billet manufacturers was so great during the past week that local buyers were compelled to go to Philadelphia for a supply; and furthermore, that "there were more men at work in the iron and steel trades than at any time prior to the panic of '92," and that "wages are being advanced and the employees are happy at the prospect of steady work until next spring at least."

PROFESSOR J. A. SHARON, of Mt. Auburn, Pendleton County, will be Superintendent of the Brooksville schools the coming term.

JAMES CRAWFORD, of Petersville, Lewis County, claims that his heart is on the right side, and if it's there it is not on the right side.

THE Carlisle Press says the report that Judge A. J. Banta is a candidate for Representative in the Nicholas-Robertson district is a mistake. The law requires that all candidates must announce themselves at least fifteen days before the election, and as Judge Banta did not comply with the law he cannot be a candidate.

WHILE Newton Rudy and Bud Hilen, employees of the Collins & Rudy Lumber Company, were at work on the logs a few days ago they saw what they thought was a rope on the outer logs, but upon closer examination it proved to be an enormous snake, dark green in color, about nine and one-half feet in length and four inches around the thickest part of its body. They essayed its capture, but his snake-ship "gave them the laugh" as it glided into the water.

At Cynthiana one day this week, John Swinford, aged eighty years, and Mrs. Catherine Swinford, aged sixty, were married by Elder Haley. Aside from the age of the couple the wedding was an unusual one, the contracting parties having once been married and divorced. After the divorce was granted Mr. Swinford went West, but after enduring the hardships incident to the life of a grass widower, he returned and married the woman to whom he had once been married.

JUDGE SANDERS, of Paducah, recently decided that saloons could be kept open on Sunday the same as any other day, but Mayor Yeiser at once brought suit against the bondsmen of Charles King for \$1,000, the amount of security he furnished insuring his keeping closed on Sunday. This compelled the saloon-keepers, through fear, to keep closed entirely. Within the past few weeks, however, several have ventured to keep their back doors open. The Mayor has now drawn suits against the bondsmen of four other saloon-keepers.

THE Cincinnati Post says that the four-months-old child of Mr. and Mrs. Harry Schatzman exhibits an unusual freak of nature. Each of the child's eyes has two pupils. The extra pupil is situated just below the normal one, overlapping it slightly so that the outline of the two is that of a figure eight, both being practically the same size. When the pupils dilate they become one, and oblong shaped. Not long ago the mother received an offer from a New York museum to place the babe on exhibition, but she refused. Schatzman formerly resided in this city. The Post says he recently deserted his wife and child and they are now living with her father.

THE PEOPLE'S.

Excellent Showing Made By This Building Association.

Secretary Baldwin's Report of Receipts and Disbursements Last Quarter.

MAYSVILLE, KY., August 1st, 1895.
To the officers and members of the People's Building Association—Gentlemen: Below is my report for quarter ending July 31, 1895.

Receipts.	
Cash on hand as per last report.....	\$ 300 17
Weekly dues.....	8,092 00
Monthly dues.....	375 85
Fines.....	39 60
Interest.....	982 97
Transfers.....	10 25
Initiation 532 shares.....	276 00
Bonus cancelling stock.....	36 50
Attorney fees.....	215 00
Mortgages canceled.....	122 0 00
Stock loans canceled.....	5,125 00
Bills payable.....	13,300 00
Overdrawn on treasurer.....	948 16
Total	\$41,901 50

Disbursements.	
Loans on mortgages.....	\$16,800 00
Loans on stock.....	1,430 00
Paid for 381 shares canceled.....	11,945 50
Paid Attorney.....	215 00
Paid dividend, No. 4.....	4,894 40
Paid salaries, expenses, etc.....	316 60
Bills payable.....	6,300 00
Total	\$41,901 50

Statement of Shares.

No. shares in first series, May 1, 1895.....	542
No. canceled during quarter.....	87
No. shares in second series May 1, 1895.....	715
No. canceled during quarter.....	110
No. shares in third series May 1, 1895.....	605
No. canceled during quarter.....	313
No. shares in fourth series May 1, 1895.....	75
No. canceled during quarter.....	109
No. shares in fifth series commencing May 1, 1895.....	496
Total	2,346

Each share of stock has paid in as follows:

First series.....	\$55 50
Second series.....	12 25
Second series, January issue.....	33 50
Second series, February issue.....	32 50
Second series, March issue.....	31 50
Second series, April issue.....	30 50
Third series.....	29 25
Third series, June issue.....	28 25
Third series, July issue.....	27 25
Third series, August issue.....	26 00
Third series, September issue.....	25 00
Third series, December issue.....	21 75
Fourth series.....	16 25
Fifth series.....	8 25

Respectfully,
ROBERT L. BALDWIN, Secretary.

They Work the Newspapers.
The Gallipolis Tribune very truthfully says: "A newspaper plant worth eight or ten thousand dollars ought to pay its employees good wages, its editors fair salaries, and produce a handsome surplus every year. We venture the statement that the average \$10,000 country newspaper plant employs more people and makes less money than any other business of similar capital. One reason for this is that the papers do too much for many people for nothing. Men ask favors of newspapers worth money that they wouldn't think of asking from their grocers or tailors, and the publishers, poor fellows, yield them for fear their rivals will turn a trick on them. This is all wrong and unjust. The public would have more respect for the papers if they charged fair prices for many favors they now give away."

Evangelist Fife at Campbellsville.
Rev. W. P. Fife, the well-known evangelist of Charlotte, N. C., assisted by Professors Price and Marsdon, has just closed an interesting series of meetings at Campbellsville, Ky. About 160 persons were converted and a large number of "backsliders" restored. It is said by many of the oldest citizens that there has never been such a meeting in the history of the county. Mr. Fife was ably assisted by resident ministers, Revs. A. P. Lyon, of the Methodist; J. H. Weaver, of the Presbyterian, and J. W. Loving, of the Baptist Church, all of whom joined enthusiastically in the services, contributing no little to the success of one of the most remarkable series of union meetings ever held in that part of the State. Mr. Fife has been requested to hold like meetings at Lebanon, and has agreed to do so soon.

Professor Milam in an Accident.
Speaking of the 2:15 trot at the Cleveland races Tuesday, an Enquirer special says: "The most exciting event of the afternoon was not on the card, but was an accident that occurred in the last heat of the 2:15 trot. Oakland Baron, who was third on the turn from the back stretch, fell. Gretchen's sulky caught Oakland's wheel and it was torn away, and both drivers were thrown. McCarty, who was behind Gretchen, was badly bruised, but Milam, Oakland Baron's driver, was not hurt. Gretchen ran around the track, and the rest of the horses were badly demoralized. The runaway hung to Alteo, the leader, like a running mate, and finished steady."

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

In the County Court yesterday County Superintendent of Schools G. W. Blatterman executed his official bond for this year, with Judge Whitaker, C. B. Pearce, Jr., and William Wormald as sureties.

PERSONAL.

—Miss Bertie Varian is here visiting relatives.

—Miss Lella Ballinger is at home after a visit at Winchester, O.

—Mr. and Mrs. John B. Holton are visiting Mrs. Wood, of Ironton.

—Mrs. A. S. Bliss, of Cincinnati, is visiting her father, Mr. L. Hill.

—Miss Jessie Peed is visiting her sister, Mrs. G. N. Bascom, of Sharpsburg.

—Misses Lida and Sallie Burgess left yesterday morning for Lakewood, N. Y.

—Mrs. W. H. Owrey, of Ironton, is here visiting her sister, Mrs. Simon Nelson.

—Master Marshall Cooper is visiting his aunt, Mrs. R. M. Caldwell, of Millersburg.

—Mrs. J. M. Scott returned Wednesday from Boston and a visit to relatives in Maine.

—Mr. Watters, of the Watters party of artists, was in Maysville Tuesday. They are at Paris now.

—Mrs. W. H. Cox and daughter and Miss Farrow are registered at the Cataract House, Niagara Falls.

—Paris Kentuckian: "Miss Elizabeth Jobst, of Maysville, is visiting her cousin, Mr. John Welsh, of Centerville."

—Mrs. Buckner Goodman and son have been visiting the family of Mr. J. A. Foxworthy, of Mt. Carmel, this week.

—Miss Lena R. Alexander, of Lewisburg, and Miss Mamie Robb, of Helena, are visiting Miss Mamie Key, of Washington.

—Professor H. R. Blaisdell, of Covington, was in Maysville yesterday shaking hands with his many friends and former pupils.

—Mrs. Waldo Hamilton is at home after a visit to her sister at South Solon, O., and to her friend, Mrs. Pease, of Mason, O.

—Mr. Thos. Garrigan, Southeastern Passenger Agent of the Big Four and C. and O., was in Maysville for a few hours yesterday.

—Mr. Geo. T. Gunnip, Traveling Passenger Agent of the Sante Fee railroad, with headquarters at Cincinnati, was in Maysville Wednesday.

Mr. John Malloy, the well known fruit-tree agent of Peebles, Ohio, who had been in Maysville the past week, left for home yesterday.

—Sharpsburg World: "Mr. and Mrs. James J. Shackelford, of Maysville, spent several days at the City Hotel last week, the guests of T. H. Wood."

—Mr. James E. Cahill, of Lewisburg, and Mr. John Broese have gone to the Indiana Mineral Springs to spend a few weeks for the benefit of their health.

—Philadelphia Press: "Miss Margaret Allison, of Washington, Ky., Mrs. Hewitt and daughters of Riverside, California, and Mr. and Mrs. Wm. S. Daffin, of Savannah, Ga., are visiting the family of James H. Mann."

—Dr. J. D. Quantz, wife and son left this morning for Toronto, Canada, where they will spend about six weeks visiting relatives, after which they will leave for Alberto Territory, British Columbia, where they expect to reside in the future. The many friends of Dr. Quantz and his most estimable wife regret their departure.

BORN, July 20th, to Mr. and Mrs. R. B. Griffith of Indianapolis, a fine son.

ALL our 10 cent lawns, dimities and ducks reduced to 7½ cents.

BROWNING & Co.,
No. 51 West Second street.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

5c-A NICKLE-5c

A small sum ordinarily, but it's big with possibilities if you distribute a few among the Gingham stock we are closing out.

Barnaby Gingham 5 cents, every one fine texture, choice style; Imported Scotch Gingham 5 cents—Anderson might well be their maker; Scotch Gingham 5 cents—Scotch winsoneness woven throughout; Zephyr Gingham 5 cents, checks and stripes in many shades and sizes.

These goods are worth from 10 to 25 cents, but 5 cents gives you your choice. For children's gowns, boys' waists and ladies' wrappers more serviceable material cannot be found. For wear, it is first cousin to eternity.

D. HUNT & SON. CLEARANCE SALE

THE MAYSVILLES AT HOME,

And They Are Glad to Get Back Will Tackle the Covingtonians This Afternoon.

The Maysvilles got back from their Southern trip yesterday afternoon, and are right glad to be at home once more. Rieman and Keenan stopped at Covington to visit home folks, but will rejoin the team to-day.

The boys don't speak in very flattering terms by any means of the treatment accorded them on their trip. The worst roast they got was at Asheville, N. C. At the opening of the first game there, the Maysville boys didn't do a thing but score seven runs the first time they were at bat. One of the leading men of the Asheville association then made his appearance on the field and laid the law down to the umpire. "If you allow the Kentuckians to win this game, I'll draw out of the club and bust up the team." After that the Maysvilles didn't stand any more show than a jack-rabbit, the Moonshiners winning by a score of 10 to 8.

In the following game the Maysvilles refused to play until they received assurances of fair treatment; the double umpire system was adopted and the Maysvilles got the best of the "Moonshiners."

In regard to the Knoxville contests, the boys admit they were fairly defeated in one game, but ought to have had all the others with impartial umpiring. They say that Denny, who umpired some of the games, is one of the fairest men who ever handled an indicator, but whenever Knoxville wanted to win Mr. Denny was not to be found, and some one else had to umpire. The club was accorded very fair treatment by the Knoxville crowd.

Percival's club of Covington arrived this morning and will play the Maysvilles this afternoon and to-morrow afternoon at the new park. Game called this afternoon at 3 o'clock. Of course there will be a large crowd out to welcome the boys back home.

Huntington took another game from Gallipolis, in a score of 4 to 5.

The Maysvilles will play an exhibition game at Flemingsburg next Monday.

Keenan or Wellner will pitch for Maysville to-day, and Hilleary will catch. Hennessy and Ackerman will probably be in the points for the Covingtonians.

We, the Rooters, challenge the Ledger hard-hitters for a game of ball to be played any afternoon for anything from a ten-cent ball to a house and lot.

THEO CAMPBELL, Captain.

That last game at Frankfort was a great one. Neither side scored until the last inning when Maysville got one run in. McGann singled and reached second, Tenley singled, and then Hall hit down to third bringing McGann home. The Frankforts got but two hits off of Wellner.

Grand Excursion to the Seashore.

On Tuesday, August 13th, the Chesapeake and Ohio will run a personally conducted excursion to Old Point Comfort. A special train composed of elegant coaches and Pullman sleeping cars will leave Maysville at 3:50 p. m. and run direct to the Hygeia Hotel at Old Point Comfort, the round trip rate being only \$11.50 from Maysville. Tickets will be good going only on the special train, but will be good returning on any regular train until August 28th. This is the grandest trip ever offered for the money and one which every one who delights in grand scenery, surf bathing, sea fishing and study the army at Fortress Monroe or the navy at Gosport Navy Yards cannot afford to miss. Make application before August 10th for sleeping car space through the C. and O. Agt.

FIRE INSURANCE.—Duley & Baldwin.

REV. WILLIAM ALFORDS, of this city, has accepted a call from the Third Street Baptist Church, of Ripley, and will take charge soon.

REV. FRED HALE, of Owensboro, has abandoned his European tour, has canceled his engagement of passage on the steamer from New York on August 25, wired the preacher who had been engaged to fill his pulpit in his absence that he will not be needed, and will remain in Owensboro to fight his enemies to a finish. Among those in the church who are determined to get rid of Mr. Hale are some of the oldest and most influential members, says a special.

In a very short time the present Railroad Commission will begin its final work, which will consist of the assessment of the railroad property of Kentucky. This work occupies much more time than one not acquainted with it would imagine. It takes the Commissioners to every portion of the State and over all kinds of railroads, from the best rock-ballasted line to the old-fashion jerk-water road. In addition to the preliminary travel, the work of recapitulating and compiling requires much time.

DR. LANDMAN, the Cincinnati optician, is at the Mineral Well House, Aberdeen, to-day.

THE woman's prayer service will be held at the Methodist Episcopal Church on Friday afternoon, August 2nd, at 4 o'clock.

REV. W. T. BOLLING, of Lexington, had one of his hands injured while out on a bicycle. He was caught between a buggy and street car.

JUDGE HUTCHINS as agent for Mr. J. H. Pecor sold a two-story brick residence on the west side of Limestone street to Mr. John McIlvaine yesterday for \$4,000 cash.

THE Mt. Gilead and Lewisburg Turnpike Company's annual report shows receipts \$124.23, expenditures \$71.20, balance \$53.03. The company's toll-house was burned last year.

AN electric car jumped the track near Cox's greenhouse yesterday and plunged into the fence on the north side. Fortunately no one was hurt. The front axle was broken, and it will be some days before the car is again in running order.

THE friends of H. W. Fuller, General Passenger Agent of the Chesapeake and Ohio, have received with regret the news that the amputation of one of his feet has been decided necessary, as the result of a fracture sustained several months ago.

AN excellent portrait of the late Mrs. Hiatt of the Fifth ward was to be seen in the show window at the postoffice drug store this week. It was executed by Miss Mollie Outten, and the promising young artist has received many flattering compliments on her work.

PORTSMOUTH Blade: "Has the Maysville Ledger entered into a contract to make marriage a forgotten custom among Maysville ladies? Some of its medical advertisements have that appearance. Are the Maysville girls patronizing the firm whose advertisement occupies a conspicuous place in its columns?"

CINCINNATI Times-Star: "When Protestants and Catholic meets on a common platform to consider questions of mutual interest as they did a few days ago in Ayer, Massachusetts; when Catholic institutions are conferring honorary degrees on Protestant clergymen, as Notre Dame college at South Bend, Ind., has done; when Archbishop Ireland instructs his subordinates in the doctrine that it is country first, the church afterward, it is time for those who would stir up sectarian hatred to keep silent."

Are you taking SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" That is what our readers want, and nothing but that. It is the same old friend to which the old folks pinned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. Zeilin & Co., Philadelphia.

SPECIAL OFFERINGS FOR AUGUST.

Ladies' All Silk Mitts, 15, 20 and 25 cents; Ladies' Seamless Hose, guaranteed fast and stainless, 10 cts. per pair; Men's Seamless Half Hose at 5, 8 and 10 cents a pair; Scotch Lawns reduced from 5 to 4 cents per yard; all our 10c. ROSENAU BROS., PROPRIETORS BEE HIVE,

KENTUCKY CROPS.

The Weather Conditions Have Been Favorable the Past Week—Outlook Highly Encouraging.

The weather of the past week was generally cool with less than an average percentage of sunshine and an excess of precipitation in the greater portion of the State. These conditions while not without some injurious influences, have upon the whole favored agricultural interests, and the general tone of correspondents reports continues to be cheerful and the outlook for all crops yet unharvested, is highly encouraging.

Some of the heaviest falls of rain ever recorded in the State fell during the week, and in some instances they were accompanied by violent winds and hail which damaged crops to some extent. In other sections some damage was inflicted by washouts occasioned by tremendous down-pours of rain within a brief space of time. These showers were fairly well distributed, but appear to have been most frequent and heaviest in the western sections of the State and in the counties bordering upon the Ohio River.

Some of the heaviest falls reported are points in the following counties: Fayette, Montgomery, Lincoln, Union, Hancock, Ohio, Warren, Owsley, Shelby, Crittenden, Muhlenburg, Carlisle, Ballard, Washington, Spencer and Jefferson. The amounts of rainfall in these counties range from about 2 inches to 4.21 inches in Jefferson, and 4.44 inches in Spencer. While these exceptionally heavy falls are local, probably covering but a limited area, they are sufficiently widespread to indicate the general character of the rainfall, and but very few sections of the State were without a greater or less amount of precipitation during the week. Reports concerning corn are practically a repetition of those received last week. There is not a single report which dissects from the general expression of opinion that the crop has not in many years been so promising in appearance as this season. In some cases the growth is reported to be too rank, especially upon low ground.

Many fields were badly blown down or washed out by the high winds and heavy rains, but the extent of the damage from these causes is very small as compared with the entire crop. The weather conditions were unfavorable to the threshing of wheat and oats. Some fields of the former and much of the latter grain was still in the shock, and a considerable proportion was thoroughly drenched by the rains, and there is much complaint of sprouting this week. What is the extent of the damage from this cause cannot be determined until later. Reports of indifferent yields of wheat continue to be received. The oat crop is generally reported to be good. Tobacco has advanced rapidly under the influence of the favorable conditions of the week, and the majority of the correspondents report its condition to be first class. In some sections its growth is too rapid, and in Christian, Trigg and several adjoining counties, it is trenching in the bud. Some damage has resulted from heavy rains washing out crops on low grounds, and other fields were seriously injured by hail storms.

Hay cutting was retarded by the rains of the week and a considerable amount which had been cut was damaged before it could be saved. The reports regarding the crop range from light to fair. Pastures are greatly improved and in many localities are reported to be excellent. The rains have also replenished the creeks and springs which in many sections of the State had been nearly dry for several weeks past. Garden products of all kinds are abundant and of fine quality. The prospects are for a good yield of late Irish potatoes in most localities. Late fruits of all kinds promise well, especially apples and grapes. In some few sections there will be a fair crop of peaches, but generally speaking this fruit is inferior in size and quality.

The continuance of the weather conditions which have prevailed during the past three weeks, would probably result in injury to crops, and warm, dry weather is now needed for their best progress.

A WITHDRAWAL THREATENED.

United Mine Workers Demanding a New Set of Officers.

KNIGHTSVILLE, Ind., Aug. 1.—The United Mine Workers of Linton have passed resolutions, stating that in consideration of the disputes which have arisen and the distrust which prevails, there should be a new entire change of officers, both state and national, of the United Mine Workers of America. It was also resolved to withhold further payment of per capita tax, both state and national, until such change was made, and all local assemblies were requested to take similar action. It is expected that at the meeting to be held on Friday at Terre Haute, which was called by the Sullivan county miners, an attack will be made on National President Penna, it being alleged that he is interested in a coal mine at Linton. This report has its foundation in the fact that the husband of Penna's sister operates a little bank mine at Linton, selling his product to consumers at Linton.

Many of the operators are paying 60 cents, although the recent conference at Terre Haute agreed on 51 cents, and this taken as an argument by the miners' contents that there was no necessity for accepting 51 cents. A very stormy session is anticipated, as an attack is also expected to be made upon State President Pursell.

The coal operators have advised that nowhere in the state here will bituminous miners be paid 60 cents, the price for mining. This is to prevent the delegates in the convention at Terre Haute on Friday having an argument in favor of the 60 cents price.

The Sullivan county operators who agreed to pay the miners 60 cents and begin operating their mines have rescinded the offer and all the men are out. Both operators and miners expect to see a general strike by tomorrow night, except in the block coal field which gives employment to one-half the miners in the state and where the men are working on a special sliding scale.

Headache.

This distressing malady is caused by a run-down state of the health, and is often a forerunner of other and more dangerous diseases.

Brown's Iron Bitters

cures headache by removing the cause of it; and this is the way it does it.

It purifies and enriches the blood, quickens the action of the kidneys, the liver and the bowels, and gently and pleasantly stimulates the digestive organs, and in fact thoroughly renovates and tones up the whole system—and you have no more headache. And besides it is pleasant to take, and will not stain the teeth nor cause constipation.

Is this not better than dosing yourself with disagreeable and dangerous drugs, which at the best can do no lasting good?

Don't be deceived by imitations. See the crossed red lines on the wrapper. Our look, "How to Live a Hundred Years," tells all about it; should be read by everybody; free for 2c. stamp.

WANTED.

WANTED—To buy a second-hand office desk. Address C. M. BOLINGER, North Fork, Ky.

River News.

Falling at all points above.

Captain George Winn, of Greenup, will christen his new ferryboat B. F. Bennett. Iron-ton's old ferryboat, the H. A. Mead, has been sold to Captain Flesher, of Levanna, O., who will use the machinery upon a harbor boat.

The machinery of the new Virginia will be placed on board before she is launched. Although this is often done on lake and ocean vessels, this will be the first time it was ever attempted on the river.

The largest steel hull ever launched in Pittsburg is the transfer barge for the St. Louis and Bonne Terra Transportation Company, now receiving its finishing touches. It is to be used for the transportation of freight cars exclusively and has a capacity of sixteen loaded freight cars. It is 274 feet long, thirty-eight wide and is built entirely out of steel and has a heavy steel deck and draws only a little over a foot of water when empty.

The funeral of Miss Emma Schnelle, whose death was mentioned yesterday, will occur to-morrow at 10 a. m., at the family residence on West Second street. Friendship Lodge, Degree of Rebecca, will have charge of the services.

CHARLES C. MOORE'S Blue Grass Blade has been refused admission to the mails because he advertised a book on the law of population. Editor Moore says he will not discontinue the objectionable advertisement and will hereafter send his paper to his subscribers by express.

The apple trees in many sections are loaded down with fruit this season. To insure a salable crop the fruit should be thinned out, says an exchange. As the apples become larger there is a liability of the limbs of the trees being broken if the fruit is not reduced by thinning.

ACCIDENT ins. tickets. W. R. Warder.

BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

\$10.00 Systematic Plan of Speculation

FOR EACH DOLLAR INVESTED can be made by our..... originated by us. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time. WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success. For further information address
